GENERAL RULES

Sport Management

Catalog 202031

I. MANDATORY ADVISING

Any student who is entering their first semester at Texas A&M University is required to attend a mandatory advising session with their academic advisor prior to registering for courses. Students will receive an e-mail about this meeting in the first few weeks of classes. These meetings take place in the middle of the semester and serve as an opportunity for students to seek help in any area they may be struggling with. Additionally, this is an opportunity for your advisor to get to know you. Failure to complete this requirement will result in a registration hold being placed on your account that will not allow you to register for the following semester until Open Registration begins.

II. COURSE SEQUENCING

The sport management curriculum is sequenced, meaning you must complete certain courses prior to enrolling for their follow up courses. The purpose of course sequencing is to present material in a logical and orderly succession and lay the foundation layer first to then build on that foundation in the courses that follow. The following courses are sequenced on the sport management degree:

- SPMT 260 & 270 must be taken together
- SPMT 260 must be in progress or complete before enrolling in SPMT 262
- SPMT 270 must be in progress or complete before enrolling in SPMT 272
- SPMT 260 & 270 must be in progress or complete before enrolling in SPMT 265
- All 200 level courses must be in progress or complete before enrolling in 300 level courses
- SPMT 372 must be in progress or completed before enrolling in SPMT 374
- All 300 level courses must be in progress or complete before enrolling in 400 level courses

III. PROGRESS TOWARDS DEGREE

Students must show progress towards their degree by completing a combined total of 24 credit hours on their degree plan during the fall and spring semesters. At the end of the spring semester, students who did not complete 24 credit hours on their degree plan may be placed on probation. They must complete at least 12 hours on their degree plan plus make up any additional hours not completed the year before during the next fall semester. Failure to do so could result in dismissal from the department.

IV. UNDERGRADUATE DEGREE PLANNER REQUIREMENT

All students are required by TEC§51.9685 (formerly House Bill 3025) to complete an online undergraduate degree plan **annually**. The Undergraduate Degree Planner can be found in the Howdy Portal under the My Record tab in the Undergraduate Degree Planner channel. Guides for using the Undergraduate Degree Planner are also available on Howdy. The Degree Planner typically opens for submission on March 1st and is due for Health & Kinesiology by August 1st. The Degree Planner is accessible at any time to plan future semesters. **NOTE:** Students entering in the Fall semester with more than 30 hours completed will be required to complete and submit their degree plan in their first semester. The degree planner must be approved before you can register for Spring courses.

V. COURSE FORCING

The Health & Kinesiology department will not force students into any course that does not fall within our department (i.e. HLTH, KINE & SPMT). If a student is entering their final semester before graduation and needs a course that falls within the HLKN Department, they may be able to be forced into that course depending on classroom space. If a course falls outside of the HLKN Department, students will need to contact the College and/or Department in which that course is housed in order to see if they can be forced in.

Electives

All Sport Management students are required to take 15 hours of elective courses. If a student wishes to pursue a minor, they may use their elective hours towards that minor as long as it aligns with their career goals in the sport industry. If you are interested in this option, please consult your advisor for a list of approved minors.

The following rules apply:

1. Maximum of 3 hours of SPMT 483 (course must be approved by a SPMT faculty member)
2. Maximum of 6 hours of SPMT 485 (course must be approved by a SPMT faculty member)
