GENERAL RULES

Sport Management

Catalog 141

I. REQUIREMENTS FOR APPLYING TO THE PROFESSIONAL PHASE OF THE PROGRAM

1. Complete a minimum of 45 hours of degree plan coursework (this can include transfer and A&M courses); 30 of which must be University Core Curriculum, with a minimum of 15* hours at A&M.
2. Complete the following with a grade of **“C”** or better**:

COMM 203	ENGL 103/104	ECON 202/203	MATH 140
SPMT 217	SPMT 225	ISTM 209/HLTH 240	
3. GPR requirements: For the Field Based Option, a 2.5 overall **A&M** GPR is required, for the Interdisciplinary Option, a 2.0 overall **A&M** GPR is required. If you are accepted to either program and your GPR drops below the required minimum by the end of the semester in which you are accepted, you will be blocked from professional phase course work. Students will be required to raise their GPR and reapply for admission.
4. It is recommended that you complete some sort of sport industry experience **prior** to applying to be accepted into Professional Phase for the **Applied Option**. Recommendations will vary based on your classification, please speak to your advisor for more information.
5. Submit Professional Phase application by the required deadline. Applications must be complete and accurate. All Field Based applicants will be reviewed by a faculty committee to determine admission into this program. The deadline will be communicated to you by your advisor each semester.

Enrollment Management: Entrance to the Field Based program is a **COMPETITIVE** process. A faculty committee will review all applications. All applicants will be rank ordered from highest to lowest based on the criteria outlined below. The total number of applicants to be accepted will be determined by the Department based on the number of "seats available" in the program. Applicants will be accepted on a "best qualified" basis subject to "seats available." **Meeting minimum qualifications is not a guarantee for admission.**

Determination of Professional Phase admission will be made approximately 30 business days after the application deadline in the semester in which you applied. Notification of acceptance OR denial to the Professional Phase of the Sport Management program will be made by email to the applicant's Texas A&M e-mail address.

The committee will consider the following criteria when reviewing students:

- **Overall GPR**
- **Pre-Requisite GPR (7 bold courses)**
- **Recommended Experience**
- **Essay**
- **Business Minor Course Completion**

Students may apply for Professional Phase admission no more than two times. Students failing to gain approval to enter the Professional Phase for the second time may not reapply for admission to the Sport Management program and must change their major.

* First semester transfer students may be allowed to apply with only 12 hours completed

** Students are able to apply with one (1) bold course in progress

I. PROGRESS TOWARDS DEGREE

Students must show progress towards their degree by completing a combined total of 24 credit hours on their degree plan during the fall and spring semesters. At the end of the spring semester, students who did not complete 24 credit hours on their degree plan will be placed on probation. They must complete at least 12 hours on their degree plan plus make up any additional hours not completed the year before during the next fall semester. Failure to do so will result in dismissal from the department.

II. UNDERGRADUATE DEGREE PLANNER REQUIREMENT

All students are required by TEC§51.9685 (formerly House Bill 3025) to complete an online undergraduate degree plan **annually**. The Undergraduate Degree Planner can be found in the Howdy Portal on the My Record tab in the Undergraduate Degree Planner channel. Guides for using the Undergraduate Degree Planner are also available on Howdy. The Degree Planner typically opens for submission on March 1st and is due for Health & Kinesiology by August 1st. The Degree Planner is accessible at any time to plan future semesters.

III. COURSE FORCING

The Health & Kinesiology department will not force students into any course that does not fall within our department (i.e. HLTH, KINE & SPMT). If a student is entering their final semester before graduation and needs a course that falls within the HLKN Department, they may be able to be forced into that course depending on classroom space. If a course falls outside of the HLKN Department, students will need to contact the College and/or Department in which that course is housed in order to see if they can be forced in.

IV. INTERDISCIPLINARY OPTION

The Interdisciplinary Option of the Sport Management program is ideal for students looking for more flexibility in their degree plan. In addition to being able to choose your minor on this option, you also have increased elective hours to either build in a second minor or additional coursework from various disciplines that apply to the Sport Management field. If you are interested in exploring various areas within the discipline, this is a great option. Additionally, if you are looking to focus on communication/journalism, facilitates management, statistics, economics, law or other non-business fields, this is a great option to explore.

V. APPLIED OPTION

The Applied Option of the Sport Management program is much more rigid than the Interdisciplinary Option. In addition to a required Business minor, students on this option will be asked to complete a field based internship experience in their final semester as part of their degree requirements. This option is going to be better for students who want a stronger business emphasis, have already complete various volunteer and industry experiences, and have a good idea of the specific area they want to work in in the Sport Management field.

Electives

All Sport Management students are required to take at least 6 hours of SPMT Electives, 9 hours of Directed Electives, and 3 hours of Free Electives. All SPMT courses listed below count as SPMT Electives and can also count as Directed Electives if a student desires to take more than 6 hours from the list. Additionally, **any KINE course** (with the exception of KINE 120, 198, 199 & 223) counts as Directed Elective. However, please note that many of the KINE courses offered are restricted to certain majors and minors and will require approval to enroll in.

The following rules apply to the electives:

1. Maximum of 2 hours in KINE 199 **MAJORS** (this is not the same as a normal KINE 199)
2. Maximum of 3 hours of SPMT 483 (course must be approved by a SPMT faculty member)
3. Maximum of 6 hours of SPMT 485 (course must be approved by a SPMT faculty member)

(Bolded courses satisfy the International & Cultural Diversity credit requirement)
